

BTEC Dance Guide

Component 3: Choreography

Help to get you the best grade!

1:

Use the dance studio after school or lunch times to rehearse with your group!

The studio is free afterschool on these days:

Monday 3:15-5:00

Tuesday 3:15-5:00

The small hall is free after school most days if the dance studio is not free.

2:

Make notes as your rehearsals progress about what you have done in them, ideas and choreographic skills that you have used along the way.

These notes will help you when you come to write your next write up log!

You can always practice writing your next log and give it to Miss Benn to receive feedback.

3:

Watch dance performances online to help give you ideas and movements that you could use in your own choreography. Here are some examples of choreographers who have some good pieces:
