

EPQ COMPLETION

This week has seen the final EPQ presentations happening and students have been handing in their Extended Project work for marking. For any students yet to submit, please share your essay / artefact and presentation with Miss Byham and let her know once the log book has been completed.

Well done for your perseverance with what has been a very long and self-motivated project. We hope that the results reflect all of your hard work and effort.

HIGHER EDUCATION CONVENTION AND EVENING

By now all Year 12 students should have received a copy of the letter for the Higher Education convention at University of Suffolk and the HE Evening later the same day (Tuesday 14th June). Please ensure that you get your reply slips back to Miss Byham or Mrs King no later than Friday 13th May. These are both unmissable opportunities whatever your intentions beyond Sixth Form.

TED TV OF THE WEEK

How the James Webb Space Telescope will unfold the universe

The James Webb Space Telescope is a miracle of modern science and engineering. With a 21-foot, gold-coated mirror protected by a sunshield that's the size of a tennis court, it's the world's most powerful telescope and humanity's latest attempt to answer questions like: "Where did we come from?" and "Are we alone?" (It also needed to be folded up like origami in order to launch into space.) Nobel Laureate John C. Mather, the leader of the team at NASA that built the Webb, explains how the telescope will observe the first galaxies to form in the early universe, peer behind clouds of cosmic dust and gas to reveal stars being born and uncover new details about places like Europa and Titan, which could harbor life.

CAREERS NEWS

In-house Employer Workshops

Stoke-By-Nayland Golf Club – Hospitality 5th May

Ever wondered what it would be like to work in hospitality? Find out from Peter Osborn a senior manager at this luxury golf club and resort about the varied jobs and opportunities they can offer students. We might also see our very own Miss Alston who used to work in this sector and is keen to promote the benefits.

Morgan Sindall – Quantity Surveyor 6th May

Morgan Sindall – Quantity Surveyor 6th May

Ex-student Brad McLaughlin will be talking about his work as a quantity surveyor and wider opportunities within the construction industry. Quantity surveyors manage the costs of a building or construction project; they make sure it provides a reasonable profit once it is completed. All the costs involved in the project are calculated, including materials, plant hire

and staff salaries so if you like maths and problem solving and think you have the attention to detail required for the job please come along to find out more.

TMJ Interiors – Design/Carpentry/Business -19th May

Another chance to meet with this impressive specialist joinery company based in Bildeston who have carried out major refurbishments and builds in London and across the UK . For a flavour of the kinds of projects they work on see here - <https://tmjinteriors.com/projects/>.

Thames Water Barrier - Civil Engineering 10th June

Liv Hov runs a team of engineers, project managers, specialists and contractors. Carrying out complex inspection, Capital Maintenance and upgrade works at the Thames Barrier and other storm surge barriers along the Tidal Thames.

Heath and Social Fair – 7th July in the Main Hall 1.30-3.15pm

The Armed Forces – Sept 22nd

Andy Mcfarlene will be coming in to speak to students about opportunities in the armed forces. For more information see [Click here](#)

Careers Web Page – For a full list of companies that offer virtual work experience in several different sectors please see the “Careers” page of the school [website](#) and scroll down.

How to arrange work experience in Year 12:

- 1) Look at your Morrisby results and talk to family or friends for ideas. The more research you have carried out beforehand, into different options, the more valuable experience you will get.
- 2) Come to the careers hub and register your interest with Ms Perkins.
- 3) Paperwork needs to be collected and completed 4 weeks prior to the work experience taking place.
- 4) Please consider transport to and from the company you want to apply to.
- 5) Students are allowed up to 2 x 5 days during term time with up to two employers.
- 6) Please consider virtual work experience as well as face to face by signing up free of charge to Speakers for Schools virtual work experience and other online providers (see careers website for a list of other providers)
- 7) Ms Perkins needs to be made aware of any work experience (other than Saturday jobs) you arrange directly with employers in order for her to keep a record. Paperwork is still required for this. **PLEASE NOTE THAT IF A STUDENT’S ATTENDANCE IS BELOW 95% THEY WILL NOT BE GIVEN PERMISSION TO TAKE PART IN WORK EXPERIENCE.**

Careers in Optometry

Are you interested in a career which offers great pay and benefits right here in their local community? Which offers the chance to work with cutting edge technology?

Come and discover **Optometry** and start seeing things differently. We can offer a free, live, digital, hands-on, careers in optometry workshop to your STEM students where we share some of the amazing opportunities our industry has to offer.

Get involved in this live 40-minute session young people will:

- Hear from optometry students and from newly qualified optometrists
- Discover a day in the life of an optometrist - what do they actually do?
- Discover the exciting benefits and global opportunities
- Experience what eye conditions look & feel like in our hands-on STEM challenge
- Get practical advice on next steps, work experience and sponsorship opportunities
- Hear about local University taster days supported by Specsavers, and how to book

We've had great feedback on our workshops over this past year from teachers and students alike. For more information on these workshops, to find available dates and to book a session, please contact early.careers@specsavers.com

To see an overview of the workshop, please take a look at this [video clip](#). Visit our website [here](#).

Ipswich Apprenticeship Roles - INTERVIEWING NOW FOR SEPTEMBER 2022

We are currently in the process of arranging interviews for our new cohort of apprentices due to commence in September 2022. Please see links below:

[Level 4 Insurance Apprenticeship](#)

[Corporate Technology](#)

PWC Flying Start Technology Degree Apprenticeships

For any students that may be undecided about what to do next after school or college, we'd recommend exploring our new Technology Degree Apprenticeship. Successful applicants will get the chance to start developing their career as a tech specialist straight away as an apprentice at PwC from day one. They'll spend the majority of their time getting to work with world-class clients as part of our highly skilled team in Manchester, building their network and enhancing their skills.

The even better news is, you will spend one week out of every six at Ada College in Manchester studying towards a degree apprenticeship in Digital and Technology Solutions - meaning your career will be off to a Flying Start from day one whilst gaining practical experience to support your studies.

The applications for our September 2022 intake are now open and you can find out more [here](#). Positions will be filled on a rolling basis so we'd recommend that any students interested in applying do so soon to avoid missing out.

If you'd like to meet us in-person or virtually to find out more about the programme, we invite you to join us at one of our upcoming sessions, open to students, parents and carers. [Click here](#) for more info.

Jaguar Land Rover Apprenticeships

On **Monday 16th May** from **5:00pm - 6:00pm** we're hosting our first-ever virtual event with luxury British car manufacturer Jaguar Land Rover.

Having been automotive industry pioneers for more than six decades, today Jaguar Land Rover is the UK's largest investor in automotive research, development and engineering. We'll be hearing all about how the company has become what it is today and their visions for the future with revolutionary new sustainable technologies, particularly in the electric car space.

With a wide variety of school-leaver opportunities in a number of engineering fields, data analytics, supply chain & logistics and finance, could a career at Jaguar Land Rover be for you?

Click this [link](#) to register yourself for the online event.

BT Apprenticeships for Year 13

Security Software Degree Apprentice

You'll be joining a specialist security team that is a trusted partner to governments worldwide, protecting critical national infrastructure and committed to the safety and security of our nation and global communities. We deal with thousands of cyber-attacks every day, so that millions of people can safely go about their daily lives and run their businesses.

Young Professional Training

This programme is aimed at young people aged 14-24 whether they are studying, working or looking for a job. This FREE Young Professional training programme allows young people to boost their work skills and develop their confidence. It is open to all young people regardless of where they are living in the UK.

Click here for full details : <https://www.youthemployment.org.uk/young-professional-training/>

MOOCS – Massive Open Online Courses

MOOCs are courses delivered online and accessible to all for free. They typically comprise pre-recorded video lessons, readings, assessments, and discussion forums. They offer a massive variety of content and can give young people an opportunity to explore some content from the career they aspire to.

Most MOOCs are made by universities. Some of the first and most active MOOC makers are [Stanford](#), [MIT](#), and [Harvard](#), others are made by companies, such as [Microsoft](#) or [Google](#) etc. Some MOOCs can be started at any time and others start at regular intervals.

4 main websites that offer access to these free courses can be found here :

- [Coursera](#)
- [FutureLearn](#)
- [OpenLearn](#)
- [Edx](#)

Students can search for courses that interest them and these may be related to a future career aspiration such as medicine or law. These can be really useful to overcome the issues of not being able to access work experience in a chosen profession as they show interest and also initiative. They can be useful to include in personal statements, university interviews as well as giving young people a taste of the content to the university degree or career path they are interested in following.

Uptree - It's never too early to start thinking about your career

But with so many options to choose from, and so many paths to success, it's hard to know where to begin.

That's where Uptree comes in. We're a free professional networking platform designed to help you get started in the world of work. Get work experience, find apprenticeships and other opportunities, and begin your dream career. [Check it out now](#).

Young Professionals Law Work Experience

This Easter we are going to be running a series of huge virtual work experience events with some of the world's biggest brands!

We are kicking off with our Easter Law Work Experience of which we're going to be joined by 2 Magic Circle firms in Clifford Chance and Linklaters as well as Browne Jacobson, Freeths, Charles Russell Speechlys and specialist legal university the University of Law.

On **Monday 11th April** from **9:00am - 4:00pm** we're bringing the best of the best legal firms and one of the UK's top universities for law together for what's set to provide an immersive and interactive experience of what it's like working for one of the world's top legal companies.

You'll get to hear and learn from senior legal professionals as they take us through a number of practical workshops, activities and presentations.

This is without a doubt the biggest virtual law work experience to be put together for school/college students so if you're interested in a career in law make sure to take advantage of this opportunity!

This is a tremendous chance to hear from some of the most distinguished law companies whilst getting your foot in the door to key decision-makers at these firms. Get an insight into the life of a legal professional, hear what it takes to thrive and be successful, gain application tips and tricks and ask all your questions to our panel of industry experts.

As it's a work experience opportunity we'll also be awarding certificates of completion for you to add to your CV.

Gain Practical Medical Experience:

- Assess, diagnose and treat patients in A&E simulation settings
- Real practical emergency treatment scenarios
- Master hands-on medical skills - Cannulation, venepuncture, CPR & others
- Patient Simulation teaching in a London university campus

Spend 1 week with NHS Doctors and Medical Students

- NHS Doctor teaching with personalised and group feedback
- Medical Students available all week for student advice and questions
- Role of a Doctor insight and time for student questions

Get Full Application Preparation Guidance

- UCAT and BMAT guidance from top-scoring medical students
- 1-to-1 Mock MMI Interview with personalised feedback
- Medical Ethics teaching, personal statements & university selection advice

Find out more information and book a space here: educationprojects.co.uk/courses/uk-medical-work-experience-course (Help with applications available from the Sixth Form.)

Apply now to international Law firm Sidley's for bursaries

If you are in Year 13 and hold an offer to study law at a UK university, you could be eligible to apply for Sidley's Undergraduate Bursary programme. As part of our ongoing commitment to increasing diversity at Sidley and in the wider legal profession, our bursary programme will provide financial support to talented law students from less advantaged backgrounds for the duration of their undergraduate study. We hope that our financial support will minimise financial concerns and enable recipients to focus more on their studies and making the most of opportunities available to them during their time at university. The scheme will also guarantee work experience and mentoring opportunities for the 5 successful candidates.

Why you should apply...

- Build connections within a premier international law firm.
- Gain work experience sitting alongside our partners, associates and trainees.
- Receive £3,500 per year for the duration of your legal studies. To check the eligibility criteria and submit your application, please click this [link](#).

Not sure what to study at university?

If you are not sure what subject you'd like to study at university and would like to experience a variety of subjects and universities this summer, our virtual Insight into University course would guarantee this experience - for more information and to apply for the virtual

Insight into University course, please visit our website <https://www.etrust.org.uk/insight-into-university> and click [here](#) for the virtual Insight into University flyer.

What is [Virtual Insight into University](#) Experience (for Y12)?

This course is like no other! With the mix of live sessions, recorded lectures and hands-on practical STEM activities and projects set by leading UK universities and global STEM companies, you will have a unique opportunity to access all this amazing content in one place, pick-and-choose subjects that interest you and do as many as you wish at your own pace over the summer:

- Life Sciences from University of Warwick
- Materials Science from University of Cambridge
- Maths from Lancaster University

- Food Science from University of Nottingham
- Chemistry and Drug Design from Kingston University
- Chemical Engineering from UCL
- Forensic Science from Abertay University
- Engineering from University of Sheffield
- Computer Science from University of Liverpool
- And lots more!

Apply today: <https://www.etrust.org.uk/insight-into-university>

For students in Yr12: Residential Insight into University Experience

Our residential courses run over 4 or 5 days where you get a taster of university life and an insight into a specific STEM subject. In summer 2022 (**between 20th June – 14th August**) these will include:

- Ø Maths at Lancaster University
- Ø Materials Science at University of Cambridge
- Ø Mechanical Engineering at UCL
- Ø Robotics & Autonomous Systems at University of Liverpool
- Ø Broad-based Engineering at University of Sheffield

It's just like studying at university! You will get the opportunity to experience university style lectures and work on activities and group projects with the support of academics and student mentors. Throughout the duration of the course, you will stay in halls of residence and will take part in social activities in the evenings.

For dates, cost, requirements, content of each course and the application form, please visit <https://www.etrust.org.uk/residential-insight-into-university>

Experience University of Southampton Residentials 26th - 28th July and 2nd - 4th August 2022

The University of Southampton are excited to once again offer on campus residential opportunities for eligible Year 12 students. These Experience UoS Residentials are 3-day, 2-night on-campus programmes, giving your students the opportunity to experience studying a subject at university.

Subjects include: Chemistry, Physics, Mechanical Engineering, Geography, Marine Biology, Oceanography, English, Business, Music and Biological Sciences.

Students will learn in an academic environment and work with pupils from other schools and colleges through a timetable of lectures, practical activities and a variety of fun social activities in the evenings. They'll get to meet our enthusiastic team of Student Ambassadors studying the courses they are aspiring to, as well as academics, researchers and alumni. These residentials are free and open to Year 12 students who meet our academic and Widening Participation eligibility criteria (you can access the eligibility criteria through the button below).

Students will be provided with free accommodation and meals for the duration of the residential. The University of Southampton is also able to cover up to £80 of the cost of travel to and from the residential. For more information, including eligibility criteria and to apply, please click the button below. [Register here.](#)
