1. Safeguarding statement and aims

The trust believes in supporting all aspects of children and young people’s development and learning, and keeping children safe. We understand that emotional and social aspects of learning create a foundation for all academic learning. If a child has not been supported to understand, express and resolve their feelings, they may not have the ability to share with other children, resolve the small conflicts that arise in day-to-day classroom life, or concentrate on learning. Their frustrations may cause a range of antisocial, disruptive, overly compliant or withdrawn behaviours. All staff who work at the trust will ensure that:

- Children and young people are listened to, valued and respected
- Staff are aware of indicators of abuse and know how to share their concerns appropriately
- All paid and unpaid staff are subject to rigorous recruitment procedures
- All paid and unpaid staff are given appropriate support and training

Education staff play a crucial role in helping to identify welfare concerns, and indicators of possible abuse or neglect, at an early stage. The trust is committed to referring those concerns via the Designated Safeguarding Lead (DSL) to the appropriate local authority children’s social care, contributing to the assessment of a child’s needs and, where appropriate, to ongoing action to meet those needs.

In order to ensure children are adequately protected the trust will ensure that:

- All DSLs, Deputy/Alternate DSLs and named safeguarding governors will attend specialised training appropriate for their positions, which will be updated at least every two years (records of this training will be kept by the trust safeguarding lead).
- All new staff, teaching and support, paid and volunteers, will receive up to date safeguarding training that is endorsed by the local safeguarding children board (LSCB)/partners. A log of staff safeguarding training is kept by the DSL. On their first day, as part of their induction, all new staff will receive a copy of their school’s child protection procedures and staff code of conduct, as well as Part 1 of Keeping Children Safe in Education. The new staff member and the DSL will sign to evidence that the induction has been completed. The trust will ensure that mechanisms are in place to assist staff to understand and discharge their role and responsibilities as set out in Part 1 of Keeping Children Safe in Education. Whenever this policy is reviewed and updated the trust will ensure that all staff receive a copy; each school will insist that staff sign a register to confirm that they have read and understood the current version. The DSL provides staff with regular updates, which may be via email as well as during staff meetings, PD days and through safeguarding displays. In addition, all staff must complete online Prevent training and copies of certificates are kept by the DSL. All members of staff will be advised to

ensure that their behaviour or actions do not place pupils or themselves at risk of harm or of allegations of harm to a pupil. This is also highlighted in the staff code of conduct.

- All children, young people and their families have access to their school's child protection procedures via the school's website
- The trust safeguarding policy and individual school's child protection procedures are reviewed on an annual basis by the trust, in consultation with headteachers and local governing bodies

The trust aims to ensure that:

- Appropriate action is taken in a timely manner to safeguard and promote children's welfare
- All staff are aware of their statutory responsibilities with respect to safeguarding
- Staff are properly trained in recognising and reporting safeguarding issues

2. Legislation and statutory guidance

This policy is based on the Department for Education's statutory guidance, [Keeping Children Safe in Education](#) and [Working Together to Safeguard Children](#), and the [Governance Handbook](#). We comply with this guidance and the procedures set out by our local safeguarding children boards.

This policy is also based on the following legislation:

- Part 3 of the schedule to the [Education \(Independent Trust Standards\) Regulations 2014](#), which places a duty on academies to safeguard and promote the welfare of pupils at the school
- [The Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- [Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- [The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children
- Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what 'regulated activity' is in relation to children
- Statutory [guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism
- The [Childcare \(Disqualification\) Regulations 2009](#) and [Childcare Act 2006](#), which set out who is disqualified from working with children

This policy also meets requirements relating to safeguarding and welfare in the [statutory framework for the Early Years Foundation Stage](#).

This policy also complies with our funding agreement and articles of association.

3. Definitions

Safeguarding and promoting the welfare of children means:

- Protecting children from maltreatment
- Preventing impairment of children's health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

Abuse is a form of maltreatment of a child, and may involve inflicting harm or failing to act to prevent harm. Appendix 1 explains the different types of abuse.

Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Appendix 1 defines neglect in more detail.

Children includes everyone under the age of 18.

4. Equality statement

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- Have special educational needs or disabilities
- Are young carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language
- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- Are asylum seekers

5. Roles and responsibilities

Safeguarding and child protection is **everyone's** responsibility. This policy applies to all staff, volunteers and governors in the trust and is consistent with the procedures of the LSCBs where we have schools. Our policy and procedures also apply to extended school and off-site activities.

5.1 The trust

In addition to this policy, the trust will:

- monitor the effectiveness of safeguarding through annual safeguarding reviews in every trust school and have at least one of these externally reviewed each year
- provide a staff and persons in a position of trust code of conduct
- provide a whistleblowing policy
- provide recruitment and selection policy and guidance to ensure safer recruitment
- provide every DSL with an annual safeguarding/child protection update (prior to the autumn term), reflecting changes in statutory requirements and current issues
- keep a log of all referrals made to the local authority designated officer by trust schools
- liaise with local authority lead professionals for safeguarding, LSCBs, Ofsted, the ESFA and other agencies as required

5.2 All staff

All staff will read and understand part 1 of the Department for Education's statutory safeguarding guidance, [Keeping Children Safe in Education](#), and review this guidance at least annually.

All staff will be aware of:

- Our systems which support safeguarding, including the staff code of conduct, their school's child protection procedures and the role of the designated safeguarding lead (DSL)
- The early help process (sometimes known as the common assessment framework) and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment
- The process for making referrals to local authority children's social care and for statutory assessments that may follow a referral, including the role they might be expected to play
- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals

- The signs of different types of abuse and neglect, as well as specific safeguarding issues, such as child sexual exploitation (CSE), FGM and radicalisation

Section 12 and appendix 4 of this policy outline in more detail how staff are supported to do this.

5.3 The designated safeguarding lead (DSL)

All our schools have a named DSL whose details are in the school's child protection procedures. The DSL is a senior member of staff with the authority to take lead responsibility for child protection and wider safeguarding. Appendix 5 provides a job description for the DSL.

During term time, the DSL will be available during school hours for staff to discuss any safeguarding concerns.

When the DSL is absent, named deputies will act as cover. Their details are in the school's child protection procedures.

The DSL will be given the time, funding, training, resources and support to:

- Provide advice and support to other staff on child welfare and child protection matters
- Ensure that cover is provided for the role when they are absent from the school
- Take part in strategy discussions and inter-agency meetings and/or support other staff to do so
- Contribute to the assessment of children
- Refer suspected cases, as appropriate, to the relevant body (local authority children's social care, Channel programme, Disclosure and Barring Service, and/or police), and support staff who make such referrals directly
- Cooperate with any requests for information from the local authority, such as training returns or annual safeguarding self-reviews, in compliance with Section 11 of the Children Act 2004
- Ensure that staff, volunteers (including governors), pupils and their parents are aware of the school's child protection procedures
- Ensure that all staff receive appropriate safeguarding/child protection training and maintain training records
- Ensure that pupils' child protection records are transferred securely and separately from the main pupil file whenever pupils transfer to a new school

The DSL will also keep the headteacher informed of any issues, and liaise with local authority case managers and designated officers for child protection concerns as appropriate.

The full responsibilities of the DSL are set out in their job description.

5.4 The local governing body

The local governing body will be consulted on this policy at each review, and hold the headteacher to account for its implementation and the implementation of the school's child protection procedures.

The local governing body will appoint a named safeguarding governor to monitor the effectiveness of this policy in conjunction with the full local governing body. This is always a different person from the DSL.

The relevant trust director of education will act as the 'case manager' in the event that an allegation of abuse is made against the headteacher, where appropriate (see appendix 3).

5.5 The headteacher

The headteacher is responsible for the implementation of this policy and the implementation of the school's child protection procedures, including:

- Ensuring that staff (including temporary staff) and volunteers are informed of the school's child protection procedures as part of their induction
- Communicating the school's child protection procedures to parents when their child joins the school and via the school website
- Ensuring that the DSL has appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent
- Ensuring that all staff undertake appropriate safeguarding and child protection training and update this regularly
- Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate (see appendix 3)
- Ensuring the relevant staffing ratios are met, where applicable
- Making sure each child in the Early Years Foundation Stage is assigned a key person

6. Confidentiality

- Timely information sharing is essential to effective safeguarding
- Information must be shared on a 'need-to-know' basis, but you do not need consent to share information if a child is suffering, or at risk of, serious harm
- Staff should never promise a child that they will not tell anyone about an allegation, as this may not be in the child's best interests
- Confidentiality is also addressed in this policy with respect to record-keeping in section 11, and allegations of abuse against staff in appendix 3

7. Recognising abuse and taking action

Staff, volunteers and governors must follow the procedures set out below in the event of a safeguarding issue.

7.1 If a child is in immediate danger

Make a referral to children's social care and/or the police **immediately** if a child is in immediate danger or at risk of harm. **Anyone can make a referral.**

Tell the DSL (see section 5.2) as soon as possible if you make a referral directly.

Local procedures for making a referral, as agreed with the local children's safeguarding board, are set out in each school's child protection procedures.

The following link to the GOV.UK webpage for reporting child abuse to your local council, allows you to enter your postcode and provides contact details for your local authority:

<https://www.gov.uk/report-child-abuse-to-local-council>

7.2 If a child makes a disclosure to you

If a child discloses a safeguarding issue to you, you should:

- Listen to and believe them. Allow them time to talk freely and do not ask leading questions
- Stay calm and do not show that you are shocked or upset
- Tell the child they have done the right thing in telling you. Do not tell them they should have told you sooner
- Explain what will happen next and that you will have to pass this information on. Do not promise to keep it a secret
- Write up your conversation as soon as possible in the child's own words. Stick to the facts, and do not put your own judgement on it. The trust has a recording form for safeguarding concerns, the school's child protection procedures will say where these can be found
- Sign and date the write-up and pass it on to the DSL without delay. Alternatively, if appropriate, make a referral to children's social care and/or the police directly (see 7.1), and tell the DSL as soon as possible that you have done so

7.3 If you discover that FGM has taken place or a pupil is at risk of FGM

The Department for Education's Keeping Children Safe in Education explains that FGM comprises "all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs".

FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as 'female genital cutting', 'circumcision' or 'initiation'.

Possible indicators that a pupil has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 4.

Any teacher who discovers that an act of FGM appears to have been carried out on a **pupil under 18** must immediately report this to the police, personally. This is a statutory duty, and teachers will face disciplinary sanctions for failing to meet it.

The duty above does not apply in cases where a pupil is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.

Any other member of staff who discovers that an act of FGM appears to have been carried out on a **pupil under 18** must speak to the DSL and follow local safeguarding procedures.

Any member of staff who suspects a pupil is *at risk* of FGM or discovers that a **pupil age 18 or over** appears to have been a victim of FGM, must speak to the DSL and follow local safeguarding procedures.

7.4 If you have concerns about a child (as opposed to a child being in immediate danger)

Figure 1 illustrates the procedure to follow if you have concerns about a child's welfare and the child is not in immediate danger.

Where possible, speak to the DSL first to agree a course of action. Alternatively, make a referral to local authority children's social care directly (see 'Referral' below). Sources of advice before making a referral to the local authority are in each school's child protection procedures.

You can also contact the charity NSPCC on 0808 800 5000 if you need advice on the appropriate action.

Early help

If early help is appropriate, the DSL will support you in liaising with other agencies and setting up an inter-agency assessment as appropriate.

The DSL will keep the case under constant review and will consider a referral to local authority children's social care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed.

Referral

If it is appropriate to refer the case to local authority children's social care or the police, the DSL will make the referral or support you to do so.

If you make a referral directly (see section 7.1), you must tell the DSL as soon as possible.

The DSL may seek external advice before making a referral (each school's child protection procedures include details of local sources of advice). However, this should not delay the referral. The DSL makes the referral according to the locally agreed timescales and procedures (details are in each school's child protection procedures). The referral will note all previous intervention by the school with the child, any relevant history relating to the child, their siblings or the family. The DSL shares information with other relevant professionals, recording reasons for sharing information and ensuring that they are aware of what action the other professionals will take as a result of information shared. The DSL informs parents that they have made a referral, if the parent does not already know, and if there is no reason not to let them know. The local authority may suggest delaying informing the parent in cases of suspected physical or sexual abuse, or where informing the parent might put the child at further risk, to prevent the child being harmed or intimidated (and retracting their disclosure) or in cases of suspected Fabricated or Induced Illness by proxy.

The DSL remains in close communication with other professionals around the child/family, in order to share any updates. If a child protection investigation is pursued, the DSL and other key school staff will:

- Work closely and collaboratively with all professionals involved in the investigation, to keep the child safe
- Attend a child protection conference when invited and provide updated information about the child
- Attend any subsequent child protection review conferences.
- Attend core group meetings and take an active role in the implementation of the protection plan

The local authority will make a decision within one working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL or person who made the referral must follow up with the local authority if this information is not made available, and ensure outcomes are properly recorded.

If the child's situation does not seem to be improving after the referral, the DSL or person who made the referral must contact the local authority and make sure the case is reconsidered to ensure the concerns have been addressed and the child's situation improves.

7.5 If you have concerns about extremism

If a child is not at immediate risk of harm, where possible, speak to the DSL first to agree a course of action. Alternatively, make a referral to local authority children's social care directly if appropriate (see 'Referral' above).

Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include [Channel](#), the government's programme for identifying and supporting individuals at risk of being drawn into terrorism, or the local authority children's social care team.

The Department for Education also has a dedicated telephone helpline, 020 7340 7264, that school staff and governors can call to raise concerns about extremism with respect to a pupil. You can also email counter.extremism@education.gov.uk. Note that this is not for use in emergency situations.

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:

- Think someone is in immediate danger
- Think someone may be planning to travel to join an extremist group
- See or hear something that may be terrorist-related

Figure 1: procedure if you have concerns about a child's welfare (no immediate danger)

7.6 Concerns about a staff member or volunteer

If you have concerns about a member of staff or volunteer at a school, speak to the headteacher. If you have concerns about the headteacher, speak to the relevant trust director of education. Details of the headteacher and director of education will be in the school's child protection procedures.

The headteacher/director of education will then follow the procedures set out in appendix 3, if appropriate.

Where appropriate, schools with Early Years provision will inform Ofsted of the allegation and actions taken, within the necessary timescale (see appendix 3 for more detail).

If you have concerns about a member of the trust's central team, speak to the chief executive officer. If you have concerns about the chief executive officer, speak to the chair of the board of trustees. They will then follow the procedures set out in appendix 3, if appropriate.

7.7 Allegations of abuse made against other pupils

We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as "banter" or "part of growing up".

Most cases of pupils hurting other pupils will be dealt with under the school's behaviour policy, but this safeguarding policy and the school's child protection procedures will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- Is serious, and potentially a criminal offence
- Could put pupils at risk
- Is violent
- Involves pupils being forced to use drugs or alcohol
- Involves sexual exploitation or sexual abuse, such as indecent exposure, sexual assault, or sexually inappropriate pictures or videos (including sexting)

If a pupil makes an allegation of abuse against another pupil:

- You must tell the DSL and record the allegation, but do not investigate it
- The DSL will contact the local authority children's social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence
- The DSL will put a risk assessment and support plan into place for all children involved – both the victim(s) and the child(ren) against whom the allegation has been made – with a named person they can talk to if needed
- The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate

We will minimise the risk of peer-on-peer abuse by:

- Challenging any form of derogatory or sexualised language or behaviour
- Being vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- Ensuring our curriculum helps to educate pupils about appropriate behaviour and consent
- Ensuring pupils know they can talk to staff confidentially
- Ensuring staff are trained to understand that a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy

8. Notifying parents

Where appropriate, we will discuss any concerns about a child with the child's parents. The DSL will normally do this in the event of a suspicion or disclosure.

Other staff will only talk to parents about any such concerns following consultation with the DSL.

If we believe that notifying the parents would increase the risk to the child, we will discuss this with the local authority children's social care team before doing so.

In the case of allegations of abuse made against other children, we will normally notify the parents of all the children involved.

9. Mobile phones and cameras

Staff will not use personal mobile phones and laptops/tablets, or school equipment for personal use, in front of pupils, except in case of emergency.

Whenever possible, images of pupils will be recorded on equipment provided by the trust (e.g. a school camera or iPad). However, if, in exceptional circumstances, personal equipment is used to record these images, staff will be mindful that they must be able to justify images of pupils in their possession. Staff will take care when recording images that pupils are appropriately dressed and are not participating in activities that might bring the individuals or the trust into disrepute. Staff will delete such images, from both the device and any cloud storage, as soon as they have been downloaded to the school's network. Any personal devices used must not be set to automatically upload images to any shared platforms, e.g. Family Sharing. Images of pupils must be downloaded from designated school devices as soon as possible and the images deleted from the device.

We will follow the Data Protection Act when taking and storing photos and recordings for use in the trust. Please also refer to the trust's combined data protection and freedom of information policy.

10. Complaints and concerns about safeguarding practices

10.1 Complaints against staff

Complaints against staff that are likely to require a child protection investigation will be handled in accordance with our procedures for dealing with allegations of abuse made against staff (see appendix 3).

10.2 Other complaints

Please refer to our complaints policy.

10.3 Whistle-blowing

Please refer to our whistleblowing policy.

11. Record-keeping

All safeguarding concerns, discussions, decisions made and the reasons for those decisions, must be recorded in writing. If you are in any doubt about whether to record something, discuss it with the DSL. Non-confidential records will be easily accessible and available. Confidential information and records will be held securely and only available to those who have a right or professional need to see them.

When a child for whom there is a child protection record leaves one of our schools, the DSL will inform the relevant social worker and send the child protection records to the receiving institution immediately. These will be transferred separately from the main pupil file, by secure transit and confirmation of receipt will be obtained and retained. If the name of the receiving institution is not known, the DSL will notify the child's social worker as a matter of urgency as soon as the child leaves or appears to be missing. In these circumstances, the child protection records will remain at the school until the child is known to have registered elsewhere.

When a child joins one of our schools and records from the previous institution indicate he/she has a child protection plan, the DSL will notify the local authority children's social care service immediately.

When a child who is known to have child protection records joins one of our schools and no child protection records have been received from the previous school, the DSL will contact the DSL at that institution to request the records be sent immediately. This request will be confirmed in writing and repeated if necessary. If they remain unavailable, the school will inform the Education Welfare Service.

In addition:

- Please refer to our records retention policy
- Appendix 2 sets out our policy on record-keeping specifically with respect to recruitment and pre-employment checks
- Appendix 3 sets out our policy on record-keeping with respect to allegations of abuse made against staff

12. Training

The trusts safeguarding/child protection training framework is set out in the following table:

Recruitment: New staff/ volunteers/supply	Induction: New staff/volunteers/supply/governors	Contractors	Safeguarding/child protection training for existing staff/volunteers	Governors	DSLs and deputies/alternates
<p>As part of recruitment all staff and volunteers MUST have safeguarding/child protection training.</p> <p>This MUST be completed before their start date.</p> <p>Accepted training: NSPCC child protection in schools – online course [within the last academic year] LSCB/partners endorsed safeguarding/child protection training [within the last academic year]</p>	<p>Safeguarding induction packs containing:</p> <ul style="list-style-type: none"> • KCSIE part 1 [and 2 for SLT roles] • Code of conduct • Child protection procedures <p>will be provided to all new staff and volunteers on their first day.</p> <p>The DSL will explain the child protection procedures within the school and part 1 of Keeping children safe in education.</p> <p>School will record the induction has been completed and signed off by DSL and new staff/volunteer.</p>	<p>Contractors arriving in school will all receive the school's child protection procedures.</p> <p>This will be signed for by the individual contractor.</p> <p>Before commissioning contractors, a company statement must be gathered confirming all relevant checks have been fully completed, with dates, and the company must provide its safeguarding policy</p>	<p>Staff MUST have safeguarding/child protection training every three years.</p> <p>Acceptable training: NSPCC or LSCB/partners endorsed training</p> <p>The trust will monitor all staff have been trained on a three-year cycle from their start date.</p> <p>In addition, the trust will provide each DSL with annual safeguarding/child protection updates each August, in preparation for the September term. The updates will reflect changes within statutory requirements, locally agreed protocols and current issues.</p> <p>DSLs MUST deliver the updates to all staff/volunteers at their school and keep a register of who attended within the school. The trust will monitor this as part of the annual safeguarding review.</p>	<p>All governors must access safeguarding/child protection training, that includes online safety, specifically for governors, within the first year of their term of office and every three years after that. A record of this must be kept within the school. This will be monitored by the trust as part of the annual safeguarding review.</p>	<p>DSLs and deputies/alternates will complete DSL training (endorsed by the LSCB) every two years.</p> <p>DSLs will attend training for trainers as required by the LSCB and multi-agency training every two years</p> <p>All DSLs and deputies/alternates will keep themselves up to date with emerging safeguarding issues.</p> <p>Evidence of this will be monitored during the annual safeguarding review.</p>

<p>Staff/volunteers must submit their certificate as evidence of completed training. These details will be recorded within the school and centrally within the trust.</p> <p>Staff and volunteers cannot start until they can evidence they have completed safeguarding/child protection training.</p>		<p>This will be held on file at the school and recorded on the SCR. Details of individuals will be provided by the company and these will be checked on arrival against the information provided.</p>	<p>DSLs will provide opportunities for discussion and inhouse safeguarding training within their school. A record of all training/updates and meetings must be kept. The trust will monitor this as part of the annual safeguarding review.</p>		
<p>Quality assurance and monitoring by the trust.</p> <ul style="list-style-type: none"> All new appointments will be recorded centrally – safeguarding/child protection training will be included as part of the recruitment and selection process. Annual safeguarding/child protection updates will be provided to all DSLs – details of the update will be recorded centrally. <p>Annual safeguarding reviews will include checks that:</p> <ul style="list-style-type: none"> New staff have completed safeguarding/child protection training Induction packs have been issued and receipted for all new appointments DSL training is in line with current guidelines, including evidence of updates Governors are trained and kept up to date Every interview panel contains at least one person with current safer recruitment training 			<p>Quality assurance and monitoring by the school.</p> <ul style="list-style-type: none"> Record all new staff on the Single Central Record and check that a safeguarding/child protection training certificate has been provided Record that all new staff have signed to accept the induction information Keep a record of all those who attended the annual safeguarding/child protection update – with evidence of how the information will be disseminated to those who could not access the update. Record details of all internal safeguarding/child protection updates, safeguarding/child protection discussions in team meetings and inhouse training. These records will be sampled as part of the trust's annual safeguarding review Produce termly safeguarding reports for the local governing body, including details of safeguarding/child protection training and share these with the trust 		

13. Monitoring arrangements

This policy will be reviewed **annually** by the trust lead on safeguarding. At every review, it will be approved by the chief executive officer in consultation with headteachers and local governing bodies.

14. Links with other policies

This policy links to the following trust policies and procedures:

- Safer recruitment and selection
- Staff code of conduct
- Complaints
- Whistleblowing
- Data Protection and Freedom of Information
- Health and safety
- Online safety

It also links to the following school policies and procedures:

- Child protection
- Behaviour
- Attendance
- Sex and relationship education
- First aid
- Curriculum
- Supporting pupils with medical conditions
- Special educational needs and disabilities

These appendices are based on the Department for Education's statutory guidance, Keeping Children Safe in Education.

Appendix 1: types of abuse

Abuse, including neglect, and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap.

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Emotional abuse may involve:

- Conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person
- Not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate
- Age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction
- Seeing or hearing the ill-treatment of another
- Serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve:

- Physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing
- Non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet)

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse.

Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- Protect a child from physical and emotional harm or danger
- Ensure adequate supervision (including the use of inadequate care-givers)
- Ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Appendix 2: safer recruitment and DBS checks – policy and procedures

We will record all information on the checks carried out in a single central record (SCR). Schools maintain an SCR of their staff and the trust maintains an SCR of central staff. Copies of the checks, where appropriate, will be held in individuals' personnel files. We follow requirements and best practice in retaining copies of these checks, as set out below.

Appointing new staff

When appointing new staff, we will:

- Verify their identity
- Obtain (via the applicant) an enhanced Disclosure and Barring Service (DBS) certificate, including barred list information for those who will be engaging in regulated activity (see definition below). We will not keep a copy of this for longer than 6 months
- Obtain a separate barred list check if they will start work in regulated activity before the DBS certificate is available
- Verify their mental and physical fitness to carry out their work responsibilities
- Verify their right to work in the UK. We will keep a copy of this verification for the duration of the member of staff's employment and for 2 years afterwards
- Verify their professional qualifications, as appropriate
- Ensure they are not subject to a prohibition order if they are employed to undertake teaching work
- Carry out further additional checks, as appropriate, on candidates who have lived or worked outside of the UK, including (where relevant) any teacher sanctions or restrictions imposed by a European Economic Area professional regulating authority, and criminal records checks or their equivalent
- Check that candidates taking up a management position are not subject to a prohibition from management (section 128) direction made by the secretary of state
- Ask for written information about previous employment history and check that information is not contradictory or incomplete
- Seek references on all short-listed candidates, including internal candidates, before interview. We will scrutinise these and resolve any concerns before confirming appointments.
- Ensure that appropriate checks are carried out to ensure that relevant individuals are not disqualified under the Childcare Disqualification (Regulations) 2009 and Childcare Act 2006.

Regulated activity means a person who will be:

- Responsible, on a regular basis in a school or college, for teaching, training, instructing, caring for or supervising children
- Carrying out paid, or unsupervised unpaid, work regularly in a school or college where that work provides an opportunity for contact with children
- Engaging in intimate or personal care or overnight activity, even if this happens only once and regardless of whether they are supervised or not

Existing staff

If we have concerns about an existing member of staff's suitability to work with children, we will carry out all the relevant checks as if the individual was a new member of staff. We will also do this if an individual moves from a post that is not regulated activity to one that is.

We will refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult:

- Where the 'harm test' is satisfied in respect of the individual (i.e. that no action or inaction occurred but the present risk that it could be significant)
- Where the individual has received a caution or conviction for a relevant offence
- If there is reason to believe that the individual has committed a listed relevant offence, under the [Safeguarding Vulnerable Groups Act 2006 \(Prescribed Criteria and Miscellaneous Provisions\) Regulations 2009](#)
- If the individual has been removed from working in regulated activity (paid or unpaid) or would have been removed if they had not left

Agency and third-party staff

We will obtain written notification from any agency or third-party organisation that it has carried out the necessary safer recruitment checks that we would otherwise perform. We will also check that the person presenting themselves for work is the same person on whom the checks have been made.

Contractors

We will ensure that any contractor, or any employee of the contractor, who is to work at a trust school has had the appropriate level of DBS check. This will be:

- An enhanced DBS check with barred list information for contractors engaging in regulated activity
- An enhanced DBS check, not including barred list information, for all other contractors who are not in regulated activity but whose work provides them with an opportunity for regular contact with children

We will obtain the DBS check for self-employed contractors.

We will not keep copies of such checks for longer than 6 months.

Contractors who have not had any checks will not be allowed to work unsupervised or engage in regulated activity under any circumstances.

We will check the identity of all contractors and their staff on arrival at the school.

Trainee/student teachers

Where applicants for initial teacher training are salaried by us, we will ensure that all necessary checks are carried out.

Where trainee teachers are fee-funded, we will obtain written confirmation from the training provider that necessary checks have been carried out and that the trainee has been judged by the provider to be suitable to work with children.

In both cases, this includes checks to ensure that relevant individuals are not disqualified under the Childcare Disqualification (Regulations) 2009 and Childcare Act 2006.

Volunteers

We will:

- Never leave an unchecked volunteer unsupervised or allow them to work in regulated activity
- Obtain an enhanced DBS check with barred list information for all volunteers who are working in regulated activity
- Obtain an enhanced DBS check without barred list information for all volunteers who are not in regulated activity, but who have an opportunity to come into contact with children on a regular basis, for example, supervised volunteers
- Carry out a risk assessment when deciding whether to seek an enhanced DBS check for any volunteers not engaging in regulated activity
- Ensure that appropriate checks are carried out to ensure that relevant individuals are not disqualified under the Childcare Disqualification (Regulations) 2009 and Childcare Act 2006.

Governors

All trustees and local governors will have an enhanced DBS check without barred list information. They will have an enhanced DBS check with barred list information if working in regulated activity.

The chair of the board of trustees will have their DBS check countersigned by the secretary of state.

All trustees and local governors will have the following checks:

- Section 128 direction [only required for local governors if they have been delegated any management responsibilities]
- Other checks deemed necessary if they have lived or worked outside the UK

Adults who supervise pupils on work experience

When organising work experience, we will ensure that policies and procedures are in place to protect children from harm.

We will also consider whether it is necessary for barred list checks to be carried out on the individuals who supervise a pupil under 16 on work experience. This will depend on the specific circumstances of the work experience, including the nature of the supervision, the frequency of the activity being supervised, and whether the work is regulated activity.

Pupils staying with host families

Where a trust school makes arrangements for pupils to be provided with care and accommodation by a host family to which they are not related (for example, during a foreign exchange visit), we will request enhanced DBS checks with barred list information on those people.

Where a trust school is organising such hosting arrangements overseas and host families cannot be checked in the same way, we will work with our partner schools abroad to ensure that similar assurances are undertaken prior to the visit.

Appendix 3: allegations of abuse made against staff

This section of this policy applies to all cases in which it is alleged that a current member of staff or volunteer has:

- Behaved in a way that has harmed a child, or may have harmed a child, or
- Possibly committed a criminal offence against or related to a child, or
- Behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children

It applies regardless of whether the alleged abuse took place in a school. Allegations against a teacher who is no longer teaching and historical allegations of abuse will be referred to the police.

We will deal with any allegation of abuse against a member of staff or volunteer very quickly, in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation.

Our procedures for dealing with allegations will be applied with common sense and judgement.

Suspension

Suspension will not be the default position, and will only be considered in cases where there is reason to suspect that a child or other children is/are at risk of harm, or the case is so serious that it might be grounds for dismissal. In such cases, we will only suspend an individual if we have considered all other options available and there is no reasonable alternative.

Based on an assessment of risk, we will consider alternatives such as:

- Redeployment within the school so that the individual does not have direct contact with the child or children concerned
- Providing an assistant to be present when the individual has contact with children
- Redeploying the individual to alternative work in the school so that they do not have unsupervised access to children
- Moving the child or children to classes where they will not come into contact with the individual, making it clear that this is not a punishment and parents have been consulted
- Temporarily redeploying the individual to another role in a different location, for example to an alternative school or other work for the trust

Definitions for outcomes of allegation investigations

- **Substantiated:** there is sufficient evidence to prove the allegation
- **Malicious:** there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive
- **False:** there is sufficient evidence to disprove the allegation
- **Unsubstantiated:** there is insufficient evidence to either prove or disprove the allegation (this does not imply guilt or innocence)

Procedure for dealing with allegations

In the event of an allegation that meets the criteria above, the headteacher/chief executive officer (or relevant trust director of education/chair of the board of trustees where the headteacher/chief executive officer is the subject of the allegation) – the ‘case manager’ – will take the following steps:

- Immediately discuss the allegation with the designated officer at the local authority. This is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children’s social care services. (The case manager may, on occasion, consider it necessary to involve the police *before* consulting the designated officer – for example, if the accused individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)
- Inform the accused individual of the concerns or allegations and likely course of action as soon as possible after speaking to the designated officer (and the police or children’s social care services, where necessary). Where the police and/or children’s social care services are involved, the case manager will only share such information with the individual as has been agreed with those agencies
- Where appropriate (in the circumstances described above), carefully consider whether suspension of the individual from contact with children at the school is justified or whether alternative arrangements

such as those outlined above can be put in place. Advice will be sought from the designated officer, police and/or children's social care services, as appropriate

- **If immediate suspension is considered necessary**, agree and record the rationale for this with the designated officer. The record will include information about the alternatives to suspension that have been considered, and why they were rejected. Written confirmation of the suspension will be provided to the individual facing the allegation or concern within 1 working day, and the individual will be given a named contact at the trust and their contact details
- **If it is decided that no further action is to be taken** in regard to the subject of the allegation or concern, record this decision and the justification for it and agree with the designated officer what information should be put in writing to the individual and by whom, as well as what action should follow both in respect of the individual and those who made the initial allegation
- **If it is decided that further action is needed**, take steps as agreed with the designated officer to initiate the appropriate action in school and/or liaise with the police and/or children's social care services as appropriate
- Provide effective support for the individual facing the allegation or concern, including appointing a named representative to keep them informed of the progress of the case and consider what other support is appropriate. The individual facing the allegation may wish to call the Education Support Partnership, free on 08000 562 561 or visit their website at www.educationsupportpartnership.org.uk
- Inform the parents or carers of the child/children involved about the allegation as soon as possible if they do not already know (following agreement with children's social care services and/or the police, if applicable). The case manager will also inform the parents or carers of the requirement to maintain confidentiality about any allegations made against teachers (where this applies) while investigations are ongoing. Any parent or carer who wishes to have the confidentiality restrictions removed in respect of a teacher will be advised to seek legal advice
- Keep the parents or carers of the child/children involved informed of the progress of the case and the outcome, where there is not a criminal prosecution, including the outcome of any disciplinary process (in confidence)
- Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of harm to a child
- Inform the trust lead on safeguarding (swatts@swatrust.co.uk) that you have made a referral to the designated officer at the local authority, providing the following information:
 - Date of referral
 - First name (of the person referred)
 - Surname (of the person referred)
 - Post (of the person referred)
 - School
 - Name of the person making the referral
 - Role of the person making the referral (this should be the Head or Director of Education if the allegation is about the Head)
 - Reason(s) for the referral

Schools with Early Years provision will inform Ofsted of any allegations of serious harm or abuse by any person living, working, or looking after children at the premises (whether the allegations relate to harm or abuse committed on the premises or elsewhere), and any action taken in respect of the allegations. This notification will be made as soon as reasonably possible and always within 14 days of the allegations being made.

If the trust is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the National College for Teaching and Leadership.

Where the police are involved, wherever possible the trust will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and evidence for use in the trust's disciplinary process, should this be required at a later point.

Timescales

- Any cases where it is clear immediately that the allegation is unsubstantiated or malicious will be resolved within 1 week
- If the nature of an allegation does not require formal disciplinary action, we will institute appropriate action within 3 working days
- If a disciplinary hearing is required and can be held without further investigation, we will hold this within 15 working days

Specific actions

Action following a criminal investigation or prosecution

The case manager will discuss with the local authority's designated officer whether any further action, including disciplinary action, is appropriate and, if so, how to proceed, taking into account information provided by the police and/or children's social care services.

Conclusion of a case where the allegation is substantiated

If the allegation is substantiated and the individual is dismissed or the trust ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the case manager and the trust's HR director will discuss with the designated officer whether to make a referral to the DBS for consideration of whether inclusion on the barred lists is required.

If the individual concerned is a member of teaching staff, the case manager and personnel adviser will discuss with the designated officer whether to refer the matter to the NCTL to consider prohibiting the individual from teaching.

Individuals returning to work after suspension

If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this.

The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

Unsubstantiated or malicious allegations

If an allegation is shown to be deliberately invented, or malicious, the headteacher, or other appropriate person in the case of an allegation against the headteacher, will consider whether any disciplinary action is appropriate against the pupil(s) who made it, or whether the police should be asked to consider whether action against those who made the allegation might be appropriate, even if they are not a pupil.

Confidentiality

The trust will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

The case manager will take advice from the local authority's designated officer, police and children's social care services, as appropriate, to agree:

- Who needs to know about the allegation and what information can be shared
- How to manage speculation, leaks and gossip, including how to make parents or carers of a child/children involved aware of their obligations with respect to confidentiality
- What, if any, information can be reasonably given to the wider community to reduce speculation
- How to manage press interest if, and when, it arises

Record-keeping

The case manager will maintain clear records about any case where the allegation or concern meets the criteria above and store them on the individual's confidential personnel file for the duration of the case. Such records will include:

- A clear and comprehensive summary of the allegation
- Details of how the allegation was followed up and resolved
- Notes of any action taken and decisions reached (and justification for these, as stated above)

If an allegation or concern is not found to have been malicious, the trust will retain the records of the case on the individual's confidential personnel file, and provide a copy to the individual. We will retain these records at least until the individual has reached normal pension age, or for 10 years from the date of the allegation if that is longer.

The records of any allegation that is found to be malicious will be deleted from the individual's personnel file.

References

When providing employer references, we will not refer to any allegation that has been proven to be false, unsubstantiated or malicious, or any history of allegations where all such allegations have been proven to be false, unsubstantiated or malicious.

Learning lessons

After any cases where the allegations are *substantiated*, we will review the circumstances of the case with the local authority's designated officer to determine whether there are any improvements that we can make to the trust's procedures or practice to help prevent similar events in the future.

This will include consideration of (as applicable):

- Issues arising from the decision to suspend the member of staff
- The duration of the suspension
- Whether or not the suspension was justified
- The use of suspension when the individual is subsequently reinstated. We will consider how future investigations of a similar nature could be carried out without suspending the individual

Appendix 4: specific safeguarding issues

Children missing from education

A child going missing from education is a potential indicator of abuse or neglect, and such children are at risk of being victims of harm, exploitation or radicalisation.

There are many circumstances where a child may become missing from education, but some children are particularly at risk. These include children who:

- Are at risk of harm or neglect
- Come from Gypsy, Roma, or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority if a child leaves the school without a new school being named, and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being missing, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local child protection procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the local authority children's social care team, and the police, if the child is in immediate danger or at risk of harm.

Child sexual exploitation

Child sexual exploitation (CSE) is a form of sexual abuse where children are sexually exploited for money, power or status.

This can involve violent, humiliating and degrading sexual assaults, but does not always involve physical contact and can happen online. For example, young people may be persuaded or forced to share sexually explicit images of themselves, have sexual conversations by text, or take part in sexual activities using a webcam.

Children or young people who are being sexually exploited may not understand that they are being abused. They often trust their abuser and may be tricked into believing they are in a loving, consensual relationship. If a member of staff suspects CSE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

Indicators of sexual exploitation can include a child:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Having older boyfriends or girlfriends
- Suffering from sexually transmitted infections or becoming pregnant
- Displaying inappropriate sexualised behaviour
- Suffering from changes in emotional wellbeing
- Misusing drugs and/or alcohol
- Going missing for periods of time, or regularly coming home late
- Regularly missing school or education, or not taking part in education

FGM

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM.

Section 7.3 of this policy sets out the procedures to be followed if a staff member discovers that an act of FGM appears to have been carried out or suspects that a pupil is at risk of FGM.

Indicators that FGM has already occurred include:

- A pupil confiding in a professional that FGM has taken place
- A mother/family member disclosing that FGM has been carried out
- A family/pupil already being known to social services in relation to other safeguarding issues
- A girl:
 - Having difficulty walking, sitting or standing, or looking uncomfortable
 - Finding it hard to sit still for long periods of time (where this was not a problem previously)
 - Spending longer than normal in the bathroom or toilet due to difficulties urinating
 - Having frequent urinary, menstrual or stomach problems
 - Avoiding physical exercise or missing PE
 - Being repeatedly absent from school, or absent for a prolonged period
 - Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
 - Being reluctant to undergo any medical examinations
 - Asking for help, but not being explicit about the problem
 - Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

- The girl's family having a history of practising FGM (this is the biggest risk factor to consider)
- FGM being known to be practised in the girl's community or country of origin
- A parent or family member expressing concern that FGM may be carried out
- A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues
- A girl:
 - Having a mother, older sibling or cousin who has undergone FGM
 - Having a limited level of integration within UK society
 - Confiding to a professional that she is to have a "special procedure" or to attend a special occasion to "become a woman"
 - Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents stating that they or a relative will take the girl out of the country for a prolonged period
 - Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
 - Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to take into account the context of the discussion)
 - Being unexpectedly absent from school
 - Having sections missing from her 'red book' (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

The above indicators and risk factors are not intended to be exhaustive.

Forced marriage

Forcing a person into marriage is a crime. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats, or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological.

Staff will receive training around forced marriage and the presenting symptoms. We are aware of the 'one chance' rule, i.e. we may only have one chance to speak to the potential victim and only one chance to save them.

If a member of staff suspects that a pupil is being forced into marriage, they will speak to the pupil about their concerns in a secure and private place. They will then report this to the DSL.

The DSL will:

- Speak to the pupil about the concerns in a secure and private place
- Activate the local safeguarding procedures and refer the case to the local authority's designated officer
- Seek advice from the Forced Marriage Unit on 020 7008 0151 or fm@fco.gov.uk
- Refer the pupil to an education welfare officer, pastoral tutor, learning mentor, or school counsellor, as appropriate

Preventing radicalisation

Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism. Extremism is vocal or active opposition to fundamental British values, such as democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs.

Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training to equip them to identify children at risk.

We will assess the risk of children in trust schools being drawn into terrorism. This assessment will be based on an understanding of the potential risk in the local area, in collaboration with the local safeguarding children board and local police force.

We will ensure that suitable internet filtering is in place, and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology.

Radicalisation can occur quickly or over a long period.

Staff will be alert to changes in pupils' behaviour.

The government website [Educate Against Hate](#) and charity [NSPCC](#) say that signs that a pupil is being radicalised can include:

- Refusal to engage with, or becoming abusive to, peers who are different from themselves
- Becoming susceptible to conspiracy theories and feelings of persecution
- Changes in friendship groups and appearance
- Rejecting activities they used to enjoy
- Converting to a new religion
- Isolating themselves from family and friends
- Talking as if from a scripted speech
- An unwillingness or inability to discuss their views
- A sudden disrespectful attitude towards others
- Increased levels of anger
- Increased secretiveness, especially around internet use
- Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- Accessing extremist material online, including on Facebook or Twitter
- Possessing extremist literature
- Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem, or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour – staff should have confidence in their instincts and seek advice if something feels wrong.

If staff are concerned about a pupil, they will follow our procedures set out in section 7.5 of this policy, including discussing their concerns with the DSL.

Staff should **always** take action if they are worried.

Checking the identity and suitability of visitors

All visitors will be required to verify their identity to the satisfaction of staff.

If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the setting. Visitors should be ready to produce identification.

Visitors are expected to sign the visitors' book and wear a visitor's badge.

All visitors to trust schools, including visiting speakers, will be accompanied by a member of staff at all times. We will not invite into a trust school any speaker who is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using trust facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

Annex B: Designated safeguarding lead – job description

An appropriate senior member of staff, from the school leadership team will be appointed to the role of designated safeguarding lead. The designated safeguarding lead will take lead responsibility for safeguarding and child protection. This person must have the appropriate status and authority within the school to carry out the duties of the post. They must be given the time, funding, training, resources and support to provide advice and support to other staff on child welfare and child protection matters, to take part in strategy discussions and interagency meetings – and/or to support other staff to do so – and to contribute to the assessment of children.

Any deputy designated safeguarding leads should be trained to the same standard as the designated safeguarding lead. Whilst the activities of the designated safeguarding lead can be delegated to appropriately trained deputies, the ultimate lead responsibility for child protection, as set out above, remains with the designated safeguarding lead; this lead responsibility should not be delegated.

Managing referrals

The designated safeguarding lead is expected to:

- refer cases of suspected abuse to the local authority children's social care as required;
- support staff who make referrals to local authority children's social care;
- refer cases to the Channel programme where there is a radicalisation concern as required;
- support staff who make referrals to the Channel programme;
- refer cases where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service as required; and
- refer cases where a crime may have been committed to the Police as required.

Working with others

The designated safeguarding lead is expected to:

- liaise with the headteacher or principal to inform him or her of issues especially ongoing enquiries under section 47 of the Children Act 1989 and police investigations;
- as required, liaise with the "case manager" (as per Part four) and the designated officer(s) at the local authority for child protection concerns (all cases which concern a staff member); and
- liaise with staff on matters of safety and safeguarding and when deciding whether to make a referral by liaising with relevant agencies. Act as a source of support, advice and expertise for staff.

Training

The designated safeguarding lead (and any deputies) should undergo training to provide them with the knowledge and skills required to carry out the role. This training should be updated at least every two years.

The designated safeguarding lead should undertake Prevent awareness training.

In addition to the formal training set out above, their knowledge and skills should be refreshed (this might be via e-bulletins, meeting other designated safeguarding leads, or simply taking time to read and digest safeguarding developments) at regular intervals, as required, but at least annually, to allow them to understand and keep up with any developments relevant to their role so they:

- understand the assessment process for providing early help and intervention, for example through locally agreed common and shared assessment processes such as early help assessments;
- have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so;
- ensure each member of staff has access to and understands the trust's safeguarding policy and school's child protection procedures, especially new and part time staff;
- are alert to the specific needs of children in need, those with special educational needs and young carers;
- are able to keep detailed, accurate, secure written records of concerns and referrals;
- understand and support the school with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation;
- obtain access to resources and attend any relevant or refresher training courses; and
- encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school may put in place to protect them.

Raising awareness

The designated safeguarding lead should:

- ensure the trust's safeguarding policy and the school's child protection procedures are known, understood and used appropriately;
- ensure the school's child protection procedures are reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with the local governing body regarding this;
- ensure the trust's safeguarding policy and the school's child protection procedures are available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school in this; and
- link with the local LSCB to make sure staff are aware of training opportunities and the latest local policies on safeguarding.

Child protection files

Where children leave the school ensure their child protection file is transferred to the new school or college as soon as possible. This should be transferred separately from the main pupil file, ensuring secure transit and confirmation of receipt should be obtained and kept.

Availability

During term time the designated safeguarding lead (or a deputy) must always be available (during school hours) for staff in the school to discuss any safeguarding concerns. Whilst generally speaking the designated safeguarding lead (or deputy) would be expected to be available in person, it is a matter for individual schools, working with the designated safeguarding lead, to define what "available" means and whether in exceptional circumstances availability via phone and or Skype or other such media is acceptable.

It is a matter for individual schools and the designated safeguarding lead to arrange adequate and appropriate cover arrangements for any out of hours/out of term activities.
