

## Sixth Form Driving Course 2020/21

Monday afternoons - G Block

EZE School of Motoring in conjunction with Thomas Gainsborough School are pleased to introduce you to our Sixth Form Driving Course for 2020/21.

Generally held over 3 consecutive Mondays, we have provided driving courses at local schools throughout Essex for many years, delivered by DVSA approved Driving Instructors, and are pleased to be introducing this course to Suffolk. It is available to all TGS Year 12 students **FREE OF CHARGE**.

The aim of the course is to provide young drivers with an introduction to the Highway Code and an understanding of the requirements of the theory test, along with the Hazard Perception element. They will have an opportunity to learn some basic car control and participate in a drink and drugs impaired simulation to emphasise the reality of driving under the influence. All in all, the course is designed to allow a head start towards their driving career in a safe environment.

As a school of motoring we offer far more than just teaching your son/daughter to pass a test. We provide a supportive environment offering driving instruction that equips our students with not only the correct driving skills but equally the right attitude and mental attributes necessary for a successful and safe driving future.

All our courses are delivered in a COVID safe environment including social distancing in the classroom, while in the car both pupil and instructor will be required to face wear masks and all touchable surfaces sanitised between lessons.

We look forward to welcoming your son/daughter to our Sixth Form Driving Course.
