

Part 1

You will need to obtain a copy of the CGP publication ‘Head Start to A-Level Physics’ (ISBN: 978 1 78294 281 8). Available from Amazon, WHSmith or other good booksellers; retail price £4.95.

You will have a test during the first Physics lesson of the new term which will cover everything in the book (it’s not a very big book, and most of the content is a review of GCSE content – with a few additions). **Your performance in this test will determine whether or not you will continue on the course**, so may I urge you to spend some serious time preparing – no second chances!

Part 2

- Visit <https://timeline.web.cern.ch/timelines/the-history-of-cern/overlay#2015-07-14>
[12:30:00](#)
- Then produce a (roughly) 500 word report titled ‘Pentaquarks’.

See you in September.

If you have any questions, please email me using my school email (rfurlong@tgschool.net) and I will respond. However, please do not expect an immediate response – I will try my best to answer within 48 hours
