

# STUDENT *Litter Pick*

**O**ur Eco committee have decided it would be a good idea to make students aware of litter and start to take responsibility for having pride in our school grounds. On the first Monday of every month we will hold a student litter pick event after school for an hour.

Each session we aim to focus on a different area of the grounds and split into teams to combat these. In times of bad weather we will focus on the areas under cover. Our first litter pick was a huge success: the students were so positive and worked extremely efficiently as we explored the grounds to see where our 'problem areas' were – and we even found a muntjac deer. I would like to say a huge thank you to the 26 students who took part and earned evidence towards their Community ribbons and we would like to invite more students to join us on Monday 4th May for our next event. Come along with friends or come along to make more friends – get involved!

Miss J Hilson
